Bill, can you please call me and Alexis for our 2:30pm (there's probably no need to set up a call-in number since it's just us three).

For your discussion tomorrow, one suggestion might be to begin with a brief highlight of the most gripping border challenges followed by EPA's response and successes. You can then finish with a brief mention of the NCM and Children's Environmental Health summit. Just a thought.

Also, I'm attaching a handout we prepared for the Administrator's visit to the border earlier this year and a summary of Action Plan accomplishments for our two Regional Workgroups (for reference).

Talk with you in a few.
